

ANEELA OAD

OBJECTIVE

I'm Aneela second year under-graduate student from MUET, Jamshoro. While pursuing my bachelor's degree, I'm a newbie trying her hand at coding. I like to reinvent myself. It's part of my education. My background in social work with Society of Women Engineers and Microsoft Learn Student Ambassador helps me understand what the bloggers and small business owners I work with need. And, I'm modest, but hard working and I consistently set firm goals for myself. I'm an optimistic person but I'm also realistic about how satisfactory or unsatisfactory the current situation is.
